**Can You Lend a Hand?**

The REMC Lend a Hand Program is designed to help REMC members who have fallen behind pay their electric bills. By donating any amount on your next bill, you can lend a hand to others in your community, safely, securely, and anonymously. The program is completely voluntary. You can make a one-time donation, or give a little on each monthly bill. For more information, visit [clarkremc.coop/lend-a-hand](http://clarkremc.coop/lend-a-hand).

**LEND A HAND**

CLARK COUNTY REMC

**NEIGHBORS  
HELPING NEIGHBORS**

Consider helping those in your community who are struggling to pay their electric bills.

**Can you lend a hand?**

**KEEP THE  
LIGHTS ON**

The Lend a Hand Program was created to help REMC members who are having difficulty paying their electric bills.

**SUPPORT  
COMMUNITY**

All contributions will be used to support members in the Clark County REMC community.

## FREE Energy Kit While Supplies Last

# You give...we give back!

Exchange six canned or non-perishable food items for a free energy kit valued at \$25.

The canned food items will be distributed to area food pantries. The need is great!

- This exchange is for Clark County REMC members only during the months of October, November and December. One exchange per household while supplies last.

Energy kit includes

## Time is Running Out for 2021 Rebates

HVAC, Hybrid Water Heaters, Electric Lawn Equipment, and HVAC Tune-Up Rebates:

### HVAC & Hybrid Water Heater Rebates:

- If you installed a qualifying heat pump, geothermal unit or heat pump hybrid water heater in 2021, you may be eligible for a rebate.

### Electric Lawn Equipment & Tune-Up:

- If you purchased electric lawn equipment or tuned up your HVAC this year, you may be eligible for a rebate.

Hurry! The deadline to apply is Dec. 15. All rebate forms must be received by this date. For more information and how to apply, visit [clarkremc.coop/rebates](http://clarkremc.coop/rebates).

### Energy Efficiency Tip of the Month:

Fall is the perfect time to prep your home for the upcoming winter chill. One of the best ways you can save energy and stay comfortable is to caulk and weatherstrip areas that typically need sealing. Start by sealing around windows and doors. Seal plumbing, ducting, and areas where electrical wiring comes through walls, floors and ceiling for additional energy savings. **Source:** [energy.gov](http://energy.gov)

## Taking Nominations

### Did you know? Your electric cooperative, Clark County REMC, is a not-for-profit owned by those it serves?

Join a dynamic organization by serving on the Clark County REMC Board of Directors. Deadline for petitions is Jan. 3, 2022, at 4 p.m.

The Board of Directors for Clark County REMC is the legal body which both the membership and the government hold accountable for the actions of the organization. The men and women elected to serve are dedicated people who have the interests of all members of the organization at heart.

In 2022, REMC members will elect board members representing Districts 1 and 2. District 1 represents Vienna, Lexington, Johnson, Saluda, Washington, Bethlehem, and Owen townships. District 2 represents Oregon and Charlestown townships.

Any eligible person who wishes to run for the board of directors (including an incumbent director) must be nominated by petition. The petition may only be signed by members of Clark County REMC.

If you want to be part of a company with commitment to community and the people who live here, consider serving on the REMC Board of Directors. This is a great way to serve in an organization that cares about its neighbors and works to make a positive contribution in so many ways.

Visit [clarkremc.coop/directors](http://clarkremc.coop/directors) for details and to apply.

## Rate Increase February 2022

At Clark County REMC, we work hard to minimize increases in our electric rates. While virtually all aspects of today's cost of living continue to rise, we pride ourselves on avoiding routing price adjustments. We believe that reliable electric service at a reasonable price is something our members should be able to count on.

Even with our continuing efforts to prevent a change in your electric rates, it is necessary for us to implement a modest rate increase of approximately 4.2 percent, which will be effective with the February 2022 bill statements. This rate increase considers all the cost pressures the REMC has experienced in its opera-

tions. REMC completed a cost-of-service study this year and found it was necessary for us to increase our electric rates. The last general rate increase was in May 2017.

We will continue to provide more information to you in the coming months please watch our publications for more details. In the meantime, we know you will have questions and concerns, and we encourage you to contact our office. Thank you for your understanding and support. We look forward to serving your needs for a very long time.

# Warm Hands, Warm Hearts

We are accepting donations now through Dec. 10

The tradition continues this year with the winter warmth tree. Please consider making a donation of new gloves, hats, scarves and socks to warm the hands and heart of families who can't afford to buy the basics for this winter.

Donations are accepted now through Dec. 10th during business hours.

**Together we can make a difference!**

## Need Help Paying Your Bill?

Did you know there are agencies in our community that may be able to assist you in your time of need? For a full listing of organizations and trustees, visit our website at [clarkremc.coop/help](http://clarkremc.coop/help). You can

also give us a call at 812-246-3316 during business hours to discuss the options that are available.

**In honor of Thanksgiving, the office will be closed on Nov. 25 and 26. From the Board of Directors, General Manager and employees we want to wish you a safe and enjoyable holiday!**
